Product: Corona Single Storage Chest - Coffee Table

Model : CoronaSChest

Manufacturer : -

► The Corona range of solid pine furniture offers excellent value for money. The Mexican influence in the design and style creates a range of furniture that would be at home in a variety of settings. All items in this range are stained to reproduce the classic look of mexican pine furniture with the wood being protected by a light wax. Metal fittings are used throughout this range and only further compliment the looks of this stylish furniture.

► The Seconique Corona single storage chest is a fantastically versatile piece suiting every room in the house and able to store almost anything. With black metal fittings, including handles, hinges and corner brackets, this trunk features a metal leaf detailing on the front. Sitting on a plinth this chest features a rustic woodworming detail that is so common in rustic furniture.

► A charming and original idea, this storage chest could easily be the centre piece of your lounge or conservatory.

► A low, rectangular top provides a generous table-surface, which when lifted on its hinges conceals an impressive storage compartment suitable for hiding things while keeping them handy at the same time.

► Attractive as well as practical, the chest is made from broad planks of pine with distressed waxed finish, and with eye-catching cast iron edging, hinges and clasps that give a time-worn look to its exterior. Part of the Corona range and an ideal match for anything else from this creative collection.

► Please note that the wood colour may vary slightly from that shown in the picture.
